

CAMERON STIMPSON

cameronbstimpson@gmail.com | 801-452-5435 | Ogden UT

Summary

Computer Science senior at Weber State University (May 2026) with hands-on engineering experience in internships and production projects. Contributed to a full-stack fitness platform at Demotu, utilizing Django, React, and React Native, delivering features for personal trainers and gyms. Developed a full-stack asset tracking system for Weber State's CS department, employing React, TypeScript, Node.js, and MySQL, overseeing the project from schema design to deployment. Seeking a software engineering position to further develop skills and deliver impactful software solutions.

Skills

- Full-stack development
- Web development
- Front-end development
- Agile methodologies
- Java
- HTML5/CSS
- TypeScript
- Microsoft ASP.NET
- SQL
- Swift
- Scripting languages
- Fluent in C, C++, C#

Experience

Demotu | Remote, UT
Software Engineer Intern
01/2025 - Current

- Contributed to a full-stack fitness platform serving personal trainers, gyms, and athletes, built on Django, React, and React Native in a monorepo architecture
- Developed features for web and mobile platforms to enhance user experience
- Worked with a PostgreSQL database on AWS RDS, deployed via Elastic Beanstalk and AWS Amplify
- Collaborated on production system implementing background task processing (Celery + Redis), real-time updates (Django Channels), and Stripe payment integrations to streamline transactions

Neuro Physique | UT
Head Trainer
03/2025 - Current

- Lead and manage a team of 4+ trainers to deliver high-quality athletic training sessions for up to 50 athletes per session.
- Led leadership and mentorship initiatives for new trainers, enhancing program consistency and prioritizing athlete safety.
- Coordinated session planning, time management, and client communication to create a positive, results-oriented training environment.

Mountain States Produce | Ogden, UT
Executive Administrative Assistant
09/2020 - 09/2025

- Coordinated meetings by scheduling, sending reminders, and arranging catering to ensure smooth execution.
- Provided administrative support through writing and editing emails, drafting memos, and preparing communications to enhance executive's effectiveness.
- Managed executive schedules and coordinated meetings for senior leadership.

Education

Weber State University | Ogden, UT
B.S. in Computer Science - April 2026

- Related coursework: Data Structures and Algorithms, Machine Learning, Software Engineering, Web Design

Projects

- Full-Stack Inventory tracker deployed for university-wide use at Weber State
- Personal Website to display course work, resume, and personal projects
